Finally, a Kid's Music Class That Really Rocks!

Music for Aardvarks is a groovy alternative to the traditional music class for kids. Created in 1997 by rock musician/composer and father of three, David Weinstone's original song collections, with influences of rock, the blues, ballads, folk, and pop, uniquely reflect and celebrate the lives of children today.

Our informal spirited classes feature a teacher and a back-up musician and are geared toward children 5 months to 5 years. They incorporate rockin' music, dance breaks, and instrumental jam sessions. It's an interactive musical experience both kids and their grown-ups enjoy.

Music for Aardvarks has a simple philosophy. By offering children a stimulating musical environment, positive role models, and some gentle encouragement, we help them gain a sense of themselves and a connection to the world in which they live. Whether watching or participating, children learn in ways that are right for them, at their own pace.

Mixed Age classes are for children 5 months to 5 years and are 45 minutes long. Classes are very interactive and are lead by a teacher and a back-up musician. We use lots of child-friendly instruments and props in class and we encourage participation from the children in whatever way they can. There is no right or wrong way for them to enjoy the music. We incorporate a lot of movement in class, so be ready for some big time fun with your little one! All children must attend with an actively participating grown-up.

NEW!! -- Old Schoolers is a special class designed with the 3-4 year old child in mind. This class is for children who have been with us (or another Aardvarks program if you are just moving here) for at least 1 to 2 semesters (Aardvark veterans!) and they are ready for even more musical exploration and expression as a group. Children at this age can and want to contribute more to the class as they learn, grow and engage in singing, dancing, instrument playing, and large movement activities. Expect even more exciting musical fun as we let all of our imaginations soar! Children must attend with an actively participating adult. Parents who have asked us to add this kind of class, please keep in mind we are aware you may have younger siblings. While the class will be focused on the older children, we will be flexible and allow for some younger siblings if needed. Also keep in mind all 3-4 year old children are welcome and encouraged to join our Mixed Age classes if that is what works best with your schedule.

Baby Beats is a fun introduction to music, instruments and the Music for Aardvarks program. We gear the class for 5 - 12 months olds. A great way to meet new parents if this is your first child. Have fun with your baby as you both experience some wonderful music and smiles. Proud grandparents are always welcome guests. Children ages 5 -12 months are always welcome in our mixed age classes. You do not have to start the program in a Baby Beats class.

Private Piano, Guitar, and Drum Lessons are available at our Waldwick location or in your home. If you are looking for private, one-on-one lessons, we have accomplished musicians who are skilled at working with both children and adults. Lesson times and teacher availability are limited. If you are interested and would like more information, please email us at info@ahumusic.com with your request.

All Music for Aardvarks classes
(excluding private lessons) are 45 minutes long.
